Social	@thechrsgrey
Personal	https://thechrsgrey.com

Military Background

Christian served ten years in the US Army (2012–2022). His career was defined by his time as a Green Beret—serving as an 18D (Special Forces Medical Sergeant) with 1st Special Forces Group. His service included a deployment to Afghanistan in 2019–2020, where he earned the Bronze Star. The decisiveness, adaptability, and mission-first mindset he developed in Special Forces now drives Altivum's approach to building intelligent systems.

Altivum® Inc.

Altivum is a Tennessee-based public benefit corporation and AWS Partner building intelligent, cloud-native architectures that integrate AI at the core. The company operates through three branches:

- **Altivum Vanguard** — Software for veterans, students, and career starters (VetROI™, Elo™)
- **Altivum Logic** — Cloud migration & AI integration for businesses at every level
- **Altivum Press** — Educational media (The Vector Podcast, books, articles)

Current Initiatives

- Collaborating with **Austin Peay State University** to develop VetROI™, AI-powered software delivering improved career pipelines for veterans
- Leading the **AWS User Group – Clarksville**
- Building Clarksville's cloud community through the "**Clarksville on the Cloud**" initiative
- Hosting **The Vector Podcast** — AI, cloud, and entrepreneurship for veterans and founders

Technical Expertise

- AWS Generative AI Developer – Professional (one of only 5,000 worldwide, "Early Adopter" badge)
- 7x AWS Certified across Cloud and AI domains

- Multicloud architecture: AWS, IBM Cloud, Google Cloud, Oracle
